PASSPORT DETAILS:

Passport No.	Place of Issue	Date of Issue	Date of Expiry	Date of Birth
AD819307	PATNA	01/07/2025	30/06/2035	07/07/2001

PROFESSIONAL SUMMARY:

Data Analyst with experience in corporate environments and hands-on expertise in Python, SQL, PostgreSQL, Excel, and Power BI, focused on transforming structured data into actionable business insights. Strong skills in data cleaning, exploratory data analysis (EDA), dashboard development, and trend analysis, with foundational knowledge of machine learning techniques including classification, regression, and clustering, and ongoing learning in advanced machine learning and deep learning.

EDUCATIONAL QUALIFICATIONS:

- **Bachelor of Technology (B.Tech) in Computer Science and Engineering (2023)**
  - ✓ From Malwa Institute of Technology (RGPV)
- **Higher Secondary Certificate-HSC (2019)**
  - ✓ From Nalanda College (BSEB)
- **Secondary School Certificate-SSC (2016)**
  - ✓ From St. Joseph Academy (CBSE)

DUTIES AND RESPONSIBILITIES:

- **Data Collection & Management:** Extracting, cleaning, and validating structured datasets (sales and customer data) using Python and SQL to ensure data accuracy, completeness, and consistency for analysis.
- **Analysis & Modeling:** Performing exploratory data analysis and applying statistical techniques to identifying trends, patterns, churn drivers, and revenue performance across regions, segments, and product categories.
- **Visualization & Reporting:** Designing and developing interactive Power BI dashboards and reports to visualizing key performance indicators such as sales, profit, and customer churn rate.
- **Business Collaboration:** Supporting data-driven decision-making by translating analytical findings into actionable business insights for revenue growth and customer retention strategies.
- **Automation:** Creating repeatable data preparation and reporting workflows using Python and SQL to improving efficiency and reducing manual processing time.

KEY SKILLS:

- **Technical:** SQL (Joins, Aggregations, Complex Queries), Python (Pandas, NumPy), Power BI (Dashboard Development, Basic DAX), Excel, Data Cleaning, Data Transformation, ETL Concepts.
- **Analytical:** Exploratory Data Analysis (EDA), Statistical Trend Analysis, KPI Development, Customer Segmentation, Sales & Performance Analysis, Time Series Trend Identification**.**
- **Soft Skills:** Data Storytelling, Analytical Thinking, Problem Solving, Attention to Detail, Insight Communication, Stakeholder Reporting.

TOTAL EXPERIENCE (01 YEAR):

1) **Wipro Limited**

Duration : May 2024 to June 2025
Position : **Senior Associate**

PROJECTS:

- **Superstore Sales Analytics & Forecasting**

  Tools: Python, SQL, Power BI

  - Analyzed approximately 9,900+ retail transaction records to evaluate sales, profit, discount impact, and regional performance.
  - Performed data cleaning and transformation using Python to prepare structured datasets for analysis.
  - Developed SQL queries to examine customer segments, product categories, and shipping modes.
  - Designed interactive Power BI dashboards to track KPIs including total sales, profit margin, and order distribution across regions.
  - Applied time-series forecasting to identify short-term sales trends and support business planning.

- **Customer Churn Analysis & Retention Insights**

  Tools: Python, SQL, Power BI

  - Analyzed 7,000+ customer records to identify behavioral and demographic factors contributing to customer churn.
  - Conducted exploratory data analysis using Python to evaluate the impact of tenure, contract type, service usage, and monthly charges on churn probability.
  - Built SQL queries to calculate churn rate, segment high-risk customers, and quantify potential revenue exposure.
  - Developed an interactive Power BI dashboard visualizing churn trends, customer segmentation, and contract-based attrition patterns.
  - Generated actionable retention insights to help prioritize high-risk customer groups and support targeted engagement strategies.

DECLARATION:

I hereby declare that the information furnished above is correct and true to the best of my knowledge and belief.
